

WHAT TO EXPECT ON THE WATER

Licensed guides will help you experience deep-sea sport fishing on Lake Superior and the St. Louis River. They'll provide you the boat, the gear and a few of their secrets. The rest is up to you!

Whether you're a complete novice or an expert, you'll find charter tours are perfect for you to try your luck with the lunkers—Steelhead, Chinook, Coho, Atlantic Salmon and fabulous Lake Trout. And to be on the water is a whole new way to experience the world's largest freshwater lake.

Experience the first rays of sunlight on a calm morning, watch light breezes scratch squalls across the deep blue surface, and feel the cool spray of clean, clear water.

Climb aboard boats from under 20 to 50 feet long, offered at a wide range of prices. Half- or full-day charters are available.
